

Comfort and Convenience for Travelers

Our goal is to create a comfortable, convenient traveling environment in a showpiece of pride for the city, region and state. We designed the building with the traveler in mind. New features include:

- Increased passenger waiting area
- Enhanced passenger flow indoors and outdoors
- Streamlined security processing
- Two levels for ticketing, boarding
- Top quality restaurant
- State-of-the-art technology
- Natural lighting
- And much more!

Environmentally Friendly Elements

We're also proud to have designed our new terminal using the latest eco-friendly elements such as:

- Energy efficient construction
- Geo-thermal heating
- 40% reduction in water use
- Recycled building materials

You Make a Difference

The Grand Forks Regional Airport Authority is working hard to meet your air service transportation needs. The future of our airport is very bright. We are extremely excited for our new terminal which will provide passengers with all the major comforts and conveniences of a major hub airport but still maintain all the small town advantages.

**Patrick Dame
Executive Director**

Our mission is "to provide transportation and related services and facilities that meet the current and future needs of the regional community". Our new terminal will fulfill the facility needs that we are referring to in an impressive way.

Each and every customer makes a difference in our ability to provide more and better services at the airport, so you, the customer, are the most important part of the equation. We want your business and together we are building the future of the Grand Forks International Airport.

New Terminal Coming in 2011

Designed by JLG Architects, this state of the art building is LEED registered with sustainable green energy features such as geo-thermal heating and natural light.

The spacious 50,000 sq. ft. building will have two levels, connected by escalators and elevators.

The new airline terminal will have a new apron, boarding bridges and two gates capable of boarding aircraft as large as a Boeing B757-300.

Thank You for Using GFK

The Grand Forks International Airport (GFK) is currently served by Delta Air Lines and Allegiant. The Grand Forks Regional Airport Authority continues to work hard to bring travelers even more direct destinations and convenient schedules. We appreciate your support and thank you for your continued use of our airport. We welcome your comments on our Twitter and Facebook pages!
